

HOST FAMILY

WHAT THE NET TEAM DOES

WHAT A HOST FAMILY DOES

The team will need somewhere to stay while they are in town for your retreat(s)!

If you are booking a retreat, we ask that you coordinate a team of host families from your school or parish to house the team while they are with you.

A host family is a household that takes in 2 or more same gendered team members from the NET Team while they are in town. Many of these families have shared that this experience has been of benefit to their family. You can rest assured that these low-maintenance, relatable and good role models will be a joy for your families to host.

Please note: In the event no host families are available, the team is prepared to stay in church rectories or halls, school gyms, etc.

- Provides their own transportation, sleeping bag, and pillow
- Communicates their schedule and meal requirements to you
- Take care of themselves (*pack their lunches, make their breakfast, help with dishes, etc.*)
- The team leaders will call you close to their arrival date to provide accurate time of arrival, allergy details, etc. As well as to answer any questions.
- Have fun with your family!

- Provides breakfast, bagged lunch, and dinner during the team's stay.
- Provides a place for the missionaries to sleep during their stay. (*Missionaries are prepared to sleep on couches and floor spaces if no beds are available*)

NET is now part of our family. We love the NET Community. Alumni. Staff. Everything about NET is just something that's become part of the fabric of our family.

Samantha Pellegrino,
Mother of 3 children

They become a part of your family.

Host Family,
Brooklin, ON

Our family is always blessed by their presence no matter how busy our schedule is. The team brings a light and a joy to our home. Their flexibility and helpfulness around the house is also a real blessing to us. I always encourage people to host.

Desmond Sanesh,
Husband and father
